

### **3<sup>rd</sup> and 4<sup>th</sup> Class Schoolwork March 30<sup>th</sup> to April 3<sup>rd</sup>**

Hello everybody. I hope you are all safe and well.

This week I hope to start using seesaw with you from home. You have used it in class before when we recorded our Lego Robots and we drew pictures. From now on, I would like you to take pictures of schoolwork you do and submit it. I'd love to see a picture of a History project if anyone managed to finish it. I'll be sending your parents a text with a code that you can link into seesaw from home. If you can't access it don't worry. There is lots to do on the list .

English Spellings: Week 27. Learn box 95

3<sup>rd</sup> Class: Box 95 is really important. There is a spelling rule which says "I before e except after c". This means that if I and e are together in a word that I always comes before c. there are lots of examples in box 94. It is the opposite if I and e come after c. If this happens, the e comes before the i.
