Dear Parents/Guardians

First and foremost, I hope that everybody had a great Easter, hopefully the lovely weather is making this quarantine more tolerable. Attached is suggested work for the coming two weeks, please do only do what you feel is suitable for your child. If you are utilising Seesaw, children can take photos of uncompleted work if they are stuck on it and I will be available to help them. Here is a link to a Dropbox where I am uploading resources which may help with the suggested work along with additional activities to help keep the boredom at bay.
